MEMORIAL DAY EXERCISES

MILITIA COMPANIES PARTICIPATE AT ATLANTA.

At Number of Places Graves of Both Gray and Blue Were Decorated.

Atlanta, Ga., May 30.—Following the custom of the last few years, the Southern militia companies today participated in Memorial Day exercises held under the auspices of numerous G. A. R. posts. At Marietta, Ga., Andersonville, Ga., Chattanooga, Nashville and Memphis, Tenn., Vicksburg, Miss., and other points where thousands of Union soldiers are buried in national cemeteries the graves were marked with tiny American flags and appropriate addresses were delivered by Northern and Southern speakers. At some points the graves of Confederate soldiers were also decorated by the Union veterans.

CREDITS FOR AFFILIATION

PAPERS FROM THE HIGH SCHOOL EXAMINED AND APPROVED.

Puts Greenville at Top of List of Schools With the State University.

Prof. L. C. Gee received a letter yesterday from Prof. J. L. Henderson, of the State University faculty, and visitor of schools, in which he states that papers from the Greenville High School have been received and examined and approved by the professors of the topics sent in which are solid geometry, trigonometry, German, English history and physiology.

Prof. Henderson says he will recommend to the faculty that affiliation be granted the Greenville High School in these subjects. This will give twenty credits with the University and puts the school on the top of state schools in the number of subjects and credits, no school having more credits.

The Greenville High School now has affiliation with the State University in the following subjects: Latin, English, Ancient, Medieval and Modern History, American History, English History, Civics, Algebra, Plans and Solid Geometry, Trigonometry, Chemistry, German, Physics, Physiology and Zoology.

MINERS TO WORK AGAIN

TEXAS COAL MINE OPERATORS GRANT INCREASE.

Five Thousand Men Return and Get Increase of Five Cents a Ton.

Fort Worth, Tex., May 30.—Five thousand men will return to work to the coal mines of Texas as a result of the contract signed here today between the mine workers and the Texas and Pacific Coal company and other Texas operators.

The men got an increase of 5 cents per ton, the same demanded by the Cincinnati International convention.

This ends two months' suspension of work in Texas, and comes at a time when the railways were just beginning to feel the effects of the coal shortage.

Chicago, Ill., May 30.—State Senator Broderick, who was indicted on the charge of bribery in the election of United States Senator William Lorimer by the Springfield grand jury Saturday, surrendered today.

During the forenoon, P. H. O'Donnell, an attorney for Broderick, called Deputy Sheriff Long on the telephone and assured him the indicted legislator was still in the city.

"We are making arrangements for his bond," said O'Donnell.

REPULSE FOR MADRIZ MEN

UNSUCCESSFUL ATTACK MADE ON INSURGENT FORCES.

U. S. Consul Sends Report of Engagement to Washington—Talk of Mediation.

New Orleans, La., May 30.—A special cablegram received here this morning from Bluefields, Nicaragua, says: "During his troops time and again against Estrada's trenches, yesterday only to be repulsed by the terrible machine gun fire. General Arias, commanding the Madriz forces, besieging Bluefields, suffered heavy losses while the defenders of the city had comparatively little."

It now seems that the attack on the city has failed as did Estrada's attack on Managua. It is expected that more fighting will occur today. Rumors of peace negotiations were renewed this morning, the latest report being that the United States naval commander will act as one of the mediators.

Refuses to Surrender. San Juan del Sur, May 30.—General Luis Mena, commander of the insurgent forces at Rama, has refused to surrender the town. General Chavarria offered to guarantee the lives of the rebels. When the terms were rejected President Madriz ordered Chavarria to continue his operations until the town fell.

Prisoners are Taken. Washington, May 30.—Severe fighting between the troops of President Madriz and those of the provisional president, Estrada, of the revolutionists, took place early this morning near Bluefields, Nicaragua, according to a message from United States Consul Moffat at Bluefields, received today.

Two hundred prisoners were taken by the Estrada troops.

JOHNSON AT CORSICANA

SAYS DEATH KNEEL FOR PROS PLANNED.

A Combination of Calquitt, Davidson and Pointexter Will Capture Next State Convention.

Fort Worth, Tex., May 30.—An enthusiastic audience of 2500 people at Corsicana on May 27 made the following speech showing the combination that has been made by Calquitt, Davidson and Pointexter:

"The overwhelming issue before the people of Texas at this hour," said Mr. Johnson, "is whether the people of the whole State are to preserve the power and right to lay instructions on their representatives which they will respect and obey. They are miners and sappers at work from our National capital at Washington to our own local government at home who are striving to undermine this essential principle of government and to rob the people of their participation."
